Baltic Sea Region Mobility Summit 2020

On-line event | September 8 – 10, 2020

SAVE THE DATE TO MIX WITH BALTIC SEA REGION MOBILITY STARS

A joint mobility conference of BSR electric, cities.m multimodal and SUMBA projects

How can we upscale and replicate proven sustainable mobility solutions?
What does e-mobility have to do with hospitals and cemeteries?
Will the pandemic speed up or slow down the shift to sustainable urban mobility?
Should be citizens given the same rights as experts in the mobility planning?
How is a bicycle similar to a book?
How can citizens take a rest in the middle of the streets?
Spoilt for choice when you move around your city?

BRIEF INSIGHT INTO PROGRAMME¹

Day 1: 10:00-15:00 “RISE AND SHINE”

General trends and topics common among the projects. How different projects feed into the emerging sustainable mobility patchwork (general introduction of the projects and what they did).

Day 2: 10:00-15:00 “WORK IT OUT”

Interactive workshops on sustainable mobility planning: mobility benchmarking, commuting masterplans etc.

Virtual Tours: from e-scooters to e-ferries, mobility points, bicycle library, innovative community involvement projects etc.

Riga is never finished: Riga ambition and activities to attractive, convenient and sustainable mobility

Day 3: 10:00-15:00 “DEVIL IS IN THE DETAILS”

A deeper dive and “Peer review” of the three projects. Active interaction between the three projects consortia and the wider sustainable mobility community
